2. ALEXANDRA-VICTORIA RUSU

Well ... what can I say about me ... My name is Rusu Alexandra-Victoria and I'm 16. Ok, enough with this kind of presentation.

I'm a very talkative and always-agitated person, I love having "smart" conversations on various topics (yea', you know that us, the Balkanian ones, love talking ... a lot ... sometimes...too much).

Hmm... my hobbies ... I love reading, I love listening to music, I love having long walks in the parks, playing computer games, programming and ... other stuff...(right now, nothing else came out of my head/hands).

Guess I should say the reason why I wanted to enter this European Program. Well, first of all, I wanted to visit Italy. I heard that it is a beautiful country and I know that each square centimeter is filled with history... second of all, because I've never visited a foreign country ... this is my dream ... and I'm about to make it happen ..

This is a very good opportunity to make new friends, to see new places ... and why not ... to learn another foreign language.

Well, that's about it ... for now ... I'm looking forward to reading something about the Italian pupils that entered this program, in order to make an idea of what will happen when I arrive.

I usually listen to rock and punk music, because I think that books are a way to learn how to think deeper. Movies are my second passion. I liked a lot of movies, but the best were: "Requiem for a dream", "The Butterfly effect", "Dead poets society". I like meeting new and different people, with a different culture, tastes and hobbies. I like talking about all kind of subjects and learn something from every person I meet.

9. ALEX IONUT BALTAG

Hello. My name is Alex Ionut Baltag, I'm 17 years old and I am a big fan of all kind of sports: football, basketball, swimming. I also practice sports like basketball and football and I am a good player. In my free time I like going out with my friends in clubs, pubs, bars, listening to music, dancing, playing computer games, watching a good movie, or just watching TV, especially on MTV Base and MTV Hits. What kind of music do I like? Almost all kinds of music: rap, hip hop, dance, r'n'b, trance, drum & base, and of course slow ones. Everyone likes spending time with his friends, but in my case I become very easily fond of some people and consider them close friends and trust them in every situation. I consider I have real friends I could rely on in difficult situations. For the future I have big plans like working at the bank, or having my own club, but for the time being I must study a lot because I'm expecting a big exam in my life. I think those are the most important things about me, and I'm very excited to meet you, my further pen pal.

10. IOANA ALEXANDRA STAMATE

My name is Ioana Alexandra Stamate and I'm 16. I'm a student in the 10th grade at the Informatics high school "Grigore C. Moisil" Iasi from Romania. I'm an Aquarius and I really represent my sign. I like experimenting new things and I love winning. My great goal in life is to become a better person. I like riding and long walks; I never miss a debate about any subject that is familiar to me. I appreciate a sincere person, a good friend, an interesting diction, a free part of nature. I couldn't picture myself without friends, family, music and books. I like making people laugh and I'm using all of my charm to do so. A lot of people tend to tell me to shut up, but they change their minds after they get to know me better. I'm sensitive and I really do put a lot of heart in any relationships (with friends, teachers) or project. I talk fluently English and Romanian of course; I'm trying to learn French as well, but things aren't going to well at this domain. I believe that a person that wants to make a difference for his/her country must know more than 2 languages, at least for selfsame. I grew up in an open environment, with a lot of support from all my family, so I tend to do a lot of things just to be able to say that I did them. I like having fun and I've learned that I must enjoy every moment from my life. My e-mail is bittersweetfuneralsong@yahoo.com or pepsi_bebi@hotmail.com

There would be a lot of things I could say about myself, but I don't think that I have enough space in this letter and if I would do so then I wouldn't have anything left to say when we will meet:).

I shall start by telling you what my hobbies are. I am really passionate about basketball; I even practice it intensely by being in the schools' team. I also practice karate and I have played tennis for 8 years. I like other sports, too; like football, volley - ball, ski - jumping and others, but I just hadn't had the chance of practicing any of them. At least, until now. I still have time. I like reading and I am proud to say I just love the Harry Potter and the Lord Of The Rings series. I am a sociable person and I like to think people are right when they say I'm a funny girl. I like to go out with my friends and try new hanging out places every time. I listen to hip - hop, soft rock, rock in general actually, r'n'b, but I can't say I don't make exceptions to the rule. For example, if I go to the disco I like dancing on drum'n'bass and break - beat.

I love animals. When I was little I used to ask my mom frequently whether I might have a zoo in my back yard. She said no. Every time. Isn't that heart - breaking? Anyway, now i have 2 dogs: a rottweiler and a stray one; and 2 cats. I'd like to own a horse, a pigeon, an urangutan, a guinea pig and a lion or a tiger. It's a little plan I have in progress, but it's not working out. Maybe because of the lion. Who knows?! Which reminds me; I'm a Leo. I was born on the 3rd of August 1988 which makes me 17 years old. I only have a little more to go before I take my drivers license. Driving is another passion of mine. Can hardly wait!

Now, what else can I say?! Oh, how could I forget?? I'm a big AC Milan fan. Big, big, big. Not the biggest, but pretty close. For a girl :).

In the end I just want to say that if you want to contact me sooner than it's established my e-mail adress. I hope to hearing from any of you soon.

My best wishes, Ruxi
